President's Letter

Debbie Moore

Dear Friends of the Lebanon Area Foundation,

Thanks to the leadership and generosity of our great community, the Lebanon Area Foundation marked a significant milestone by celebrating 41 years of service to the community in 2024. The Lebanon Area Foundation is guided by a 19 member Board of Directors comprised of local citizens who live, work, or volunteer in Laclede County. Daily functions are carried out by a full-time Administrator and a part-time office assistant.

Our motto, "Charity reflects the character and conscience of the community" continues to be clearly demonstrated by the caring and giving spirit of the people of Laclede County.

One of the greatest demonstrations of charity expressed by our wonderful community is through the Community Cares program established by the Lebanon Area Foundation in the year 2000. As you will read in the following pages, the Community Cares program has assisted literally thousands of area residents through the annual community-wide fund drive to support charitable organizations serving the people of Laclede County.

The Lebanon Area Foundation has also committed to establishing the LAF Legacy Endowment with a goal of \$2 million. It is exciting to witness how the Legacy Endowment is benefiting our community by improving and enhancing the lives of area residents through vital services. By serving donors of all levels of charitable giving, the permanent endowment allows us to respond to the changing needs of our community today and tomorrow.

To our current donors, we say a sincere thank you for entrusting the Lebanon Area Foundation with your financial gift. To our future donors, we are excited you are exploring the benefits of making your contribution to the Lebanon Area Foundation.

All donors have our pledge that we will professionally and responsibly administer the assets of Lebanon Area Foundation to safely maximize the return for the benefit of our community. It is with anticipation that we look forward to a great future as we build on our past success!

Respectfully,

Debbie Moore

Lebanon Area Foundation

Introduction to the Lebanon Area Foundation

We are a public charity established in 1984, to meet a wide variety of social, educational, cultural, and other charitable needs throughout Laclede County. We do so through the distribution of income from pass-thru and endowment funds established by our donors. The Foundation is fully tax-exempt under sections 501(C)3 and 170(b)(1)(A)(vi) of the Internal Revenue Code.

Our mission is to improve the quality of life for all Laclede County residents by meeting charitable and educational needs through community collaboration and responsible stewardship of philanthropic resources.

Through the Lebanon Area Foundation, individuals can establish permanent funds, take the long view, and work toward lofty goals, all without being compelled to produce short-term results.

Governance

The Lebanon Area Foundation is governed by a Board of Directors who are community leaders from the Lebanon area and is administered by a full-time staff member and one part-time office assistant. Operating expenses are paid from management fees and gifts designated by donors, which help keep our overhead down.

In brief, the Lebanon Area Foundation is...

- A tax-exempt organization formed to receive, invest and distribute the income from gifts of capital for community betterment.

- A grant maker and advisor helping charitable groups provide much needed services in health, education, the arts, the environment and social services to all the residents in Laclede County.

- A conduit through which individuals, businesses and private foundations can support non-profit organizations throughout the Lebanon area; we are not a user of funds, we are a vehicle to help people who want to improve their community to fulfill that desire long beyond their lifetime.

...truly a community of donors.

Community Cares

As part of the Lebanon Area Foundation, the Community Cares program was established to assist charitable organizations with funding by offering monetary grants to support vital community projects and services. The program offers assistance to those qualifying non-profit agencies serving Lebanon and Laclede County residents. Community Cares, established in 2000, has provided our community the ability to link resources with needs and to offer hope for building a stronger and healthier community by tackling critical health and human service issues. More than seventy-five different charitable organizations have received grants since the program's inception, with over \$2,480,000 being invested back into the community (2000 – 2024).

Community Cares is a program that relies on the combined efforts of community members and organizations. While donations are accepted year-round, the annual community-wide fall campaign and Day of Giving Radio-thon along with the Community Give Back Music Festival and the Dinner & Comedy Night Fundraiser in April are the largest fundraisers for Community Cares. The program accepts donations at all giving levels and relies on the philanthropic commitment of each citizen. Individuals and businesses in our community are asked to help support the program by contributing a one-time gift or by participating in payroll deduction.

The contributions raised through December are distributed back to the community the following year by supporting non-profit organizations that have applied for grants and have been recommended to the Board of Directors after evaluation by a Distribution Committee. Community Cares holds each organization accountable for the funding they receive by requiring quarterly reports that demonstrate how the funds have been used and how many Laclede County residents they are impacting.

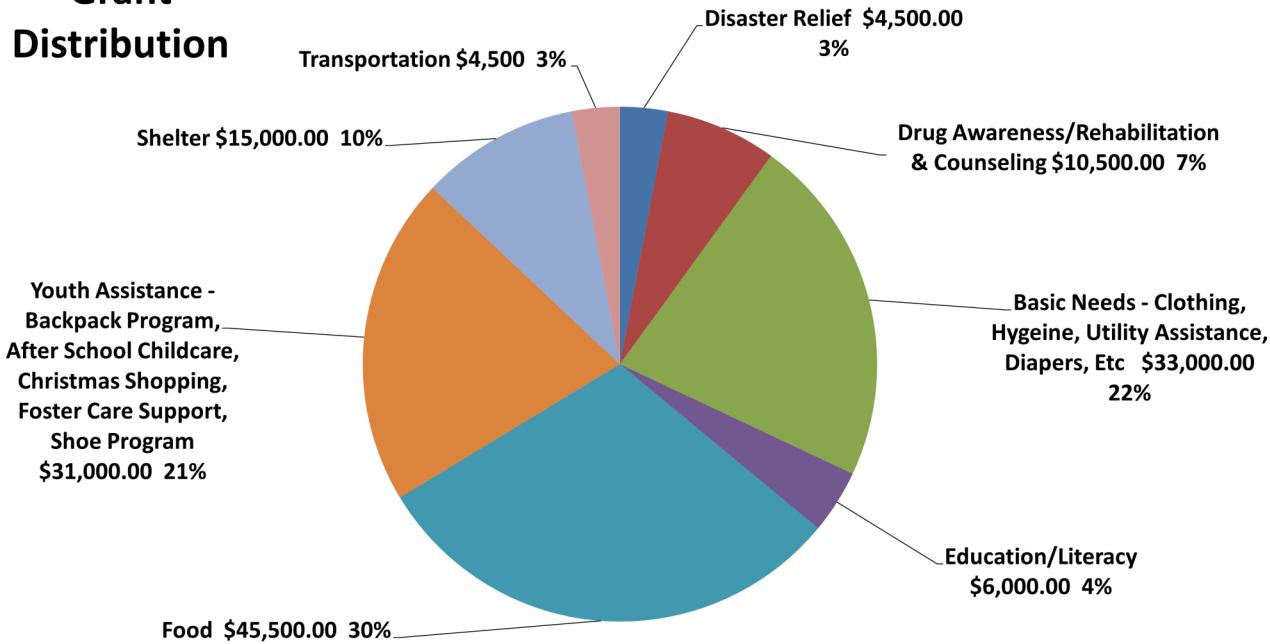

Each year we continue to raise more money for our neighbors in need. We must continue to push ahead because the demand for services is increasing, while funding cut-backs are taking place at both the State and Federal levels, leaving local non-profits searching for new funding resources. Community Cares wants to continue to make an impact on the issues most important to the community and our donors.

The funds were to be used for social welfare purposes. Income from this fund during the year following her death made it possible to gift over \$29,000 to the Lebanon Laclede Library Building Fund. The Community Endowment Fund (valued over \$60,000) was combined with the Louise Coleman Memorial Fund in 2006 to establish the Legacy Fund with a principal of \$318,000. More than \$70,000 has been donated to the Legacy Fund by local businesses and individuals interested in seeing the fund grow to better support community projects.

The Legacy Endowment Fund focuses on Laclede County, reaching those who serve the indigent and our neighbors in crisis. The endowment will use the income generated in two manners. In good years that we achieve the goal of Community Cares, the income will be used to help start the projects needed in the community through the permanent endowment. These projects will be the bricks and mortar type projects that take many dollars to establish a program or building. Or in lean years that the target of the Community Cares is not reached, the income will be used wholly or in part to supplement the Community Cares grants.

The Lebanon Area Foundation Board of Directors is working hard to have funds available to serve the needs of today and in the future. We are grateful to all of our supporters over the past thirty years and we welcome new partnerships with individuals and businesses willing to help us make the future a better place for many generations.

Contact the Lebanon Area Foundation Administrator to learn more about grants from the Legacy Endowment. All applicants need 501(c)(3) non-profit status and all projects submitted for consideration must be for a local brick and mortar project.

Creating an Endowment Fund

Creating a Fund with LAF

Many have aspirations of carrying on a legacy or simply making a contribution to support a favorite charity and do not know where to turn for guidance. Donors have been successful in creating funds within the Lebanon Area Foundation with cash, securities traded on major exchanges, closely held stock, real estate and other kinds of property. First, you need to decide if LAF is right for you. Donors have many choices in giving: give now, give later or possibly make payments. Current gifts, gifts by will or deferred giving are just a few options available.

A donor is offered a number of different options, including:

1. Adopting the broad charitable and education purposes set forth by the Lebanon Area Foundation or expressing the particular charitable purposes for which income or principal shall be distributed and the timing of such distributions.
2. Providing for the expenditure of principal or stipulating that no principal be expended. We recommend a stipulation that no principal be expended, so that funds will continue to grow. Should the donor desire that principal be expended, invasion of principal up to a specified limited percentage must be stipulated at the time the fund is established.
3. Choosing from the following types of funds: Unrestricted, Field-of-Interest Fund, Endowed Scholarship Fund, Designated Fund or Donor-Advised Fund.
4. Naming the Fund.
5. Contact the LAF Administrator at 417-532-8868 for more information.

Contributing to an Endowment Fund

Contributing to a Fund

Community foundations have been successful in creating funds with cash, securities traded on major exchanges, closely held stock, real estate and other kinds of property.

We will be glad to discuss proposed contributions with you. Those assets which cannot be readily converted to the financial benefit of charity or which carry unusual potential liability may not be accepted.

Give now: By establishing a fund today, your client can support favorite charities during his or her lifetime and in perpetuity. Many of our donors add to their funds each year, suggest grants on a regular basis, and name the fund in their estate plans as well.

As a public charity, the Lebanon Area Foundation offers donors the maximum charitable tax deduction permitted by law. It may be advantageous for your client to make a current gift based on this year's tax situation and to distribute grants from the fund in future years.

Give later: Giving by estate plan allows your client to divide property between loved ones and charitable interests in whatever manner may be desired. Estate taxes are saved too.

Rather than writing specific bequests to several charities, your client may prefer to create a single fund within the Lebanon Area Foundation or add to one that already exists. We then carry out the donor's charitable interests in perpetuity, acting as steward for the funds and ensuring that all recipients continue to be viable charities. And all gifts will be made in the name selected by your client.

Almost any asset can be contributed to create a fund in the Lebanon Area Foundation. Real estate, stocks, bonds, life insurance and numerous other assets can help build up your fund. For example, many people find in later years that they do not need all the life insurance they did when they were younger. They donate the policies to the fund they established with the Lebanon Area Foundation.

If a policy is fully paid up, the tax deduction is either the replacement value or the donor's cost, whichever is less. If the policy is not paid up and the donor decides to continue paying the premiums, those amounts become deductible as charitable contributions. In either case, the donor gets an immediate tax deduction and substantial estate tax savings later.

Investment Policy

Investment Policy

The Lebanon Area Foundation has a formal investment policy which requires diligence and a disciplined method for investing of the funds entrusted to the LAF. The principal objectives of the LAF's investment program are:

- Preservation of capital on an absolute basis.
- Generation of income to fulfill charitable purposes of the foundation
- Growth of asset value at a rate greater than inflation as measured by the Consumer Price Index (CPI)

Achieving these objectives will require assuming a moderate level of risk, a long-term investment horizon and diversification of assets. The funds will be invested to maximize total return (capital appreciation, interest and dividend income) consistent with a prudent level of risk.

Representatives of the board of directors, jointly with the investment committee, shall meet no less than semi-annually to review the portfolio performance.

Fee Schedule

Lebanon Area Foundation applies a separate administrative fee and investment management fee to each fund. LAF fees incorporate quarterly reporting, distributions, promotion and publicity, acknowledgement of gifts, planned giving services, and administration of planned gifts. Fees assessed quarterly.
